

Gaz release hole in the ball of ball valve

Popis

The gaz release hole in the ball is compulsory for fluids which can release gaz, such as hydrogen peroxyde or sodium hypochlorite. To order a ball valve with a gaz release hole, add the product code at the end of the code of the valve. For example 2014-05FFE + 2025-11U

#	d (mm)	DN (mm)	DN (inch)	()
1	20	15	1/2"	8
2	25	20	3/4"	8
3	32	25	1"	14
4	40	32	1"1/4	14
5	50	40	1"1/2	16
6	63	50	2"	16
7	75	65	2"1/2	16
8	90	80	3"	20
9	110	100	4"	20
10	125	125	5"	20
11	160	150	6"	20
